

**Save the Dates! May 12-15, 2011**

Partner  
Organizations:

Dear Friend of Bird Fest,

We are planning our 9th annual Leavenworth Spring Bird Fest. Our primary focus is education, and **we try to keep our events free or very low cost for participants**. As you are aware, we feature about 35 field trips to observe birds from mountains to riparian to shrub steppe habitats. All trips are led by biologists and bird experts. There are arts and family activities, and all the upper Wenatchee valley 3<sup>rd</sup> graders spend 5 field days learning about birds and migration, along with other topics. Our festival spotlights neotropical migratory birds, so we have a Latin American cross-cultural connection, too.

**We are extending sponsorship opportunities to individuals and families.** We depend on having a wide base of support to sustain this excellent program. If you would like to contribute, just complete the attached form, make your tax-deductible check out to Barn Beach Trust (treasurer for Bird Fest), and mail them in the enclosed envelope (or to address below). If you would like more information about our sponsorship program, please email me (see below).

**Thank you for your vital support of this great event, as a sponsor, as a visitor or, best of all, both—we hope to see you in May!**

Sincerely,

Gail Roberts
